

## The PowerShift Principles of Leadership

There is a call to Shift the Power! There is a call for EmPowerShifted Leaders! Leadership is the ability to direct the power of many to achieve a goal that cannot be accomplished by the power of one. Good leaders learn how to be great leaders. Great leaders utilize their beliefs, values, knowledge, talents and skills and learn how to be EmPowerShifted Leaders. This program will help you through that process.

The EmPowerShifted Leader integrates the heart, head and soul to challenge and encourage people to stretch beyond their present abilities and find their own potential, gifts and talents. The gifts and talents of each individual are then harnessed and directed to benefit the group and the goal. The EmpowerShifted Leader motivates people to move from their comfort zone and inspires them to tap into abilities they have not yet discovered. Become an EmPowerShifted Leader within your business, community, church, family and in your own life.

**In the *PowerShift Principles of Leadership* the participants will learn how to:**

- ***Use their vision to Define their Purpose***
- ***Establish Goals and Implement Strategies to Achieve the Goals***
- ***Set Priorities and Allocate Resources***
- ***Build and Sustain a Team***
- ***Establish EmpowerShifted Partnerships***
- ***Make productive decisions***
- ***Manage Time and Maintain Focus***
- ***Redirect, Refocus and Release when faced with challenges***
- ***Create the Future and Shift the Power!***

Excellence in leadership determines the success of a dream, vision or goal within an organization, community or business. Today's professional, political and personal environments are in a state of continuous flux. Leaders must move out of their own comfort zone to navigate transition and adversity. The challenges that confront us are forcing leaders to take greater risks and assume greater responsibilities. The EmPowerShifted Leader has the confidence and courage to manage the changes, conflicts and challenges and to hold the vision despite the immediate circumstances. Join Tamara for a program where leaders Create a PowerShift!

### **Dynamic! Resourceful! Inspiring!**

*Tamara's energy on stage keeps you involved in every word she speaks. Her stories, her exercises, her thoughts are empowering. She challenges and inspires you to think outside of the box!*

### **TAMARA VAUGHN**

Tamara Vaughn received her BA, JD and LLM from the University of Miami, Coral Gables, Florida. As an attorney, she realized that she needed to find a way to keep her clients in business during the challenges they were facing in both their personal and professional lives. Watching them struggle through transitions and losing their dreams in the process, she designed the PowerShift Program. In its development, Tamara utilized the lessons she learned from her own personal and professional challenges, literally practicing that which she teaches. She is an adversity and transition expert that utilizes her challenges to teach, motivate and inspire.

Tamara's passion for the PowerShift Program is created through the energy of her commitment to assist others, whether an individual or an organization, in the realization of their purpose goals, and dreams despite the adversity and challenges that may be encountered in the process. Her dynamic and entertaining style combined with her unique stories and strategies will deliver a presentation that will be insightful, educational and inspirational!
